WYCOMBE WANDERERS FOUNDATION

PREMIER LEAGUE PRIMARY STARS

Premier League Primary Stars harnesses the unique influence of professional football clubs to inspire children to lead active lifestyles, take care of their wellbeing, and develop essential life skills. As the Premier League's flagship primary schools programme, it engages children aged 5–11 both in the classroom and on the sports field. The programme is underpinned by four core Premier League values, which are embedded throughout all sessions to help pupils thrive and succeed at school. Delivered as a bespoke offer tailored to each school's needs, the programme provides up to 30 weeks of high-quality provision, which can include:

- PE Support for Teachers (CPD)
- Targeted Interventions in Maths, English, and PSHE
- Social Action Projects promoting youth voice
- Extra-Curricular Girls' Football Clubs
- Education Activations in Maths, English, and PSHE
- Competitions, including sports days and tournaments
- Anti-Discrimination Workshops

The Wycombe Wanderers Foundation has worked in partnership with the school to deliver the programme. Supporting SEN PE sessions, delivering educational workshops and developing playleaders.

THE DISRAELI SCHOOL

Delivery Officer Alex has been supporting the school community throughout Term 3, working with pupils every Thursday. Alex has delivered a series of Premier League Primary Stars provisions focusing on communication, teamwork and resilience.

Through the Premier League Primary Stars programme Alex's role is to help pupils build on their confidence and develop practical skills that will support their learning in the classroom & the playground.

Alex Lancaster

> ***I have really enjoyed my time at Disraeli. The staff here are lovely and very easy to work with and the school really helped me to settle in quickly upon taking over from the previous delivery officer. This enabled the programme to be delivered smoothly. It has been nice to play a part in the pupils development.***
